— Burlington

Deep in the mountains of Cumbria, UK, the purity of Lakeland water, volcanic ash, weathering and mineral processes have slowly formed Burlington. For centuries, this iconic stone, which has inspired our collection with the same name, has given life to beautiful interiors, naturally carved works and majestic spaces.

En las profundidades de las montañas de Cumbria (Reino Unido), la pureza del agua de Lakeland, la ceniza volcánica, la intemperie y los procesos minerales forman lentamente Burlington. Durante siglos, esta icónica piedra, que ha inspirado nuestra colección con el mismo nombre, ha dado vida a interiores hermosos, a trabajos tallados de forma natural y a majestuosos espacios.

In this series we have worked on the graphic qualities that natural stone offers by accentuating the nuances of each piece to create a distinctive and timeless design.

The range of colors, with delicate tones, are faithful to nature, allowing the original stone to be recognized in every piece of ceramic. The collection stands out for its careful details, like subtle shiny markings, making Burlington a truly prestigious series

En esta serie hemos trabajado las cualidades gráficas que presenta la piedra natural; hemos acentuado los matices de cada pieza para crear un diseño distintivo y atemporal.

La gama de colores, con tonos delicados, es fiel a la naturaleza, para conseguir que la piedra original se reconozca en la pieza cerámica. La colección destaca por los cuidados detalles, como sus sutiles marcas en brillo, para hacer de Burlington una serie de prestigio.
